Objective

I am self-employed graphic designer/illustrator, based in Cairo. My aim is simple, produce local flavored work that meets a global taste and understanding. I provide designs that are aimed to bring ideas or products from brief to life. I aim to produce new, original, meaningful, functional, emotional conceptual design solutions. I focus on producing diverse, simple, eye-satisfactory designs that transfer a message and excites brains to think differently. With a priority of delivering the goals of my clients, listening to them and provide them with tailored work, resulting in a raise of profiles, increased recognition and sales.
